

Mood Boards by LEE Filters

Clicking the “Mood boards by LEE Filters” tab displays a window which collates colours together in “moods”. Selecting a mood will give a selection of several colours that work well together for that mood.

Some moods have more than one selection of colours, such as “Moonlight” which has “Realistic” & “Romantic” selections. After clicking on a mood, click the "Mood boards by LEE Filters" tab again to go back to the list of mood boards.
